General Growth Properties, Inc.

Dear Ms. Yokota:

Subject: Honolulu High-Capacity Transit Corridor Project

It has come to our attention that in presentations regarding the Ward Master Plan, General Growth Properties has been showing a transit alignment in the vicinity of the intersection of Ward Avenue and Queen Street that is not consistent with what our project is currently planning. As you are aware from our previous discussion on October 4, 2007, the transit alignment that we are planning goes diagonally through your property at the existing Ross Store structure. An engineer's drawing of this alignment was provided to you after this meeting. Therefore, please reflect the correct transit alignment in your plans.

Should you have any questions regarding these comments, please contact Mr. Toru Hamayasu, Project Manager, at 768-8344.

Very truly yours,
